STORY

♥ Makoto's parents were transferred overseas so she went to live with her father's friend, Uncle Usa. But it is also home to the most popular guy in school, Kanna!

♥ It turns out that he's Uncle Usa's only son.

♥ By living together with Kanna, someone both teasing and kind, they slowly became a couple. Her first kiss and also her first time were possible because it was with her beloved Kanna.

♥ But Makoto, having just achieved happiness, has to transfer schools to America?
